We would like to welcome you to the Cardiovascular and Thoracic Surgeons office. In preparation for your upcoming appointment we would like to provide you the information to fill out before you arrive for your visit, so that we may expedite your initial wait time before seeing the doctor.

If you have any previous lab work i.e.: echo, cath completed or CD's to provide please bring them with you to the appointment (it is very important for the surgeon to have the actual CD of the cath/echo). Also, bring with you, your insurance card, driver's license, and medication list of your current medications.
